(c) The General Assembly may by law provide for the operation and regulation of a lottery or lotteries by or on behalf of the state and for any matters relating to the purposes or provisions of this subparagraph. Proceeds derived from the lottery or lotteries operated by or on behalf of the state shall be used to pay the operating expenses of the lottery or lotteries, including all prizes, without any appropriation required by law, and for educational programs and purposes as hereinafter provided. Lottery proceeds shall not be subject to Article VII, Section III, Paragraph II; Article III, Section IX, Paragraph VI(a); or Article III, Section IX, Paragraph IV(c), except that the net proceeds after payment of such operating expenses shall be subject to Article VII, Section III, Paragraph II. Net proceeds after payment of such operating expenses shall be separately accounted for and shall be specifically identified by the Governor in his annual budget presented to the General

Assembly as a separate budget category entitled "Lottery Proceeds" and the Governor shall make specific recommendations as to educational programs and educational purposes to which said net proceeds shall be appropriated. In the General Appropriations Act adopted by the General Assembly, the General Assembly shall appropriate all net proceeds of the lottery or lotteries by such separate budget category to educational programs and educational purposes. Such net proceeds shall be used to support improvements and enhancements for educational programs and purposes and such net proceeds shall be used to supplement, not supplant, non-lottery educational resources for educational programs and purposes. The educational programs and educational purposes for which proceeds may be so appropriated shall include only the following:

(5) Capital outlay projects for educational facilities;

provided, however, that no funds shall be appropriated for the items listed in paragraphs (4) and (5) of this subsection until all persons eligible for and applying for assistance as provided in paragraph (1) of this subsection have received such assistance, all approved pre-kindergarten programs provided for in paragraph (2) of this subsection have been fully funded, and the education shortfall reserve or reserves provided for in paragraph (3) of this subsection have been fully funded.

(d) On and after January 1, 1995, the holding of raffles by nonprofit organizations shall be lawful and shall not be prohibited by any law enacted prior to January 1, 1994. Laws enacted on or after January 1, 1994, however, may restrict, regulate, or prohibit the operation of such raffles.

Paragraph IX. Sovereign immunity and waiver thereof; claims against the state and its departments, agencies, officers, and employees. (a) The General Assembly may waive the state's sovereign immunity from suit by enacting a State Tort Claims Act, in which the General Assembly may provide by law for procedures for the making, handling, and disposition of actions or claims against the state and its departments, agencies,

officers, and employees, upon such terms and subject to such conditions and limitations as the General Assembly may provide.

(b) The General Assembly may also provide by law for the processing and disposition of claims against the state which do not exceed such maximum amount as provided therein.

(c) The state's defense of sovereign immunity is hereby waived as to any action ex contractu for the breach of any written contract now existing or hereafter entered into by the state or its departments and agencies.

(d) Except as specifically provided by the General Assembly in a State Tort Claims Act, all officers and employees of the state or its departments and agencies may be subject to suit and may be liable for injuries and damages caused by the negligent performance of, or negligent failure to perform, their ministerial functions and may be liable for injuries and damages if they act with actual malice or with actual intent to cause injury in the performance of their official functions. Except as provided in this subparagraph, officers and employees of the state or its departments and agencies shall not be subject to suit or liability, and no judgment shall be entered against them, for the performance or nonperformance of their official functions. The provisions of this subparagraph shall not be waived.

(e) Except as specifically provided in this Paragraph, sovereign immunity extends to the state and all of its departments and agencies. The sovereign immunity of the state and its departments and agencies can only be waived by an Act of the General Assembly which specifically provides that sovereign immunity is thereby waived and the extent of such waiver.

(f) No waiver of sovereign immunity under this Paragraph shall be construed as a waiver of any immunity provided to the state or its departments, agencies, officers, or employees by the United States Constitution.

SECTION III. GENERAL PROVISIONS

Paragraph I. Eminent domain. (a) Except as otherwise provided in this Paragraph, private property shall not be taken or damaged for public purposes without just and adequate compensation being first paid.

(b) When private property is taken or damaged by the state or the counties or municipalities of the state for public road or street purposes, or for public transportation purposes, or for any other public purposes as determined by the General Assembly, just and adequate compensation therefor need not be paid until the same has been finally fixed and determined as provided by law; but such just and adequate compensation shall then be paid in preference to all other obligations except bonded indebtedness.

(c) The General Assembly may by law require the condemnor to make prepayment against adequate compensation as a condition precedent to the exercise of the right of eminent domain and provide for the disbursement of the same to the end that the

rights and equities of the property owner, lien holders, and the state and its subdivisions may be protected.

(d) The General Assembly may provide by law for the payment by the condemnor of reasonable expenses, including attorney's fees, incurred by the condemnee in determining just and adequate compensation.

(e) Notwithstanding any other provision of the Constitution, the General Assembly may provide by law for relocation assistance and payments to persons displaced through the exercise of the power of eminent domain or because of public projects or programs; and the powers of taxation may be exercised and public funds expended in furtherance thereof.

Paragraph II. *Private ways.* In case of necessity, private ways may be granted upon just and adequate compensation being first paid by the applicant.

Paragraph III. *Tidewater titles confirmed.* The Act of the General Assembly approved December 16, 1902, which extends the title of ownership of lands abutting on tidal water to low water mark, is hereby ratified and confirmed.

SECTION I.
METHOD OF VOTING; RIGHT TO REGISTER AND VOTE

Paragraph I. *Method of voting.* Elections by the people shall be by secret ballot and shall be conducted in accordance with procedures provided by law.

Paragraph II. *Right to register and vote.* Every person who is a citizen of the United States and a resident of Georgia as defined by law, who is at least 18 years of age and not disenfranchised by this article, and who meets minimum residency requirements as provided by law shall be entitled to vote at any election by the people. The General Assembly shall provide by law for the registration of electors.

Paragraph III. *Exceptions to right to register and vote.* (a) No person who has been convicted of a felony involving moral turpitude may register, remain registered, or vote except upon completion of the sentence.

(b) No person who has been judicially determined to be mentally incompetent may register, remain registered, or vote unless the disability has been removed.

SECTION II.
GENERAL PROVISIONS

Paragraph I. *Procedures to be provided by law.* The General Assembly shall provide by law for a method of appeal from the decision to allow or refuse to allow any person to register or vote and shall provide by law for a procedure whereby returns of all elections by the people shall be made to the Secretary of State.

Paragraph II. *Run-off election.* A run-off election shall be a continuation of the general election and only persons who were entitled to vote in the general election shall be entitled to vote therein; and only those votes cast for the persons designated for the runoff shall be counted in the tabulation and canvass of the votes cast.

Paragraph III. *Persons not eligible to hold office.* No person who is not a registered voter or who has been convicted of a felony involving moral turpitude, unless that person's civil rights have been restored and at least ten years have elapsed from the date of the completion of the sentence without a subsequent conviction of another felony involving moral turpitude, or who is the holder of public funds illegally shall be eligible to hold any office or appointment of honor or trust in this state. Additional conditions of eligibility to hold office for persons elected on a write-in vote and for persons holding offices or appointments of honor or trust other than elected offices created by this Constitution may be provided by law.

Paragraph IV. *Recall of public officials holding elective office.* The General Assembly is hereby authorized to provide by

general law for the recall of public officials who hold elective office. The procedures, grounds, and all other matters relative to such recall shall be provided for in such law.

Paragraph V. Vacancies created by elected officials qualifying for other office. The office of any state, county, or municipal elected official shall be declared vacant upon such elected official qualifying, in a general primary or general election, or special primary or special election, for another state, county, or municipal elective office or qualifying for the House of Representatives or the Senate of the United States if the term of the office for which such official is qualifying for begins more than 30 days prior to the expiration of such official's present term of office. The vacancy created in any such office shall be filled as provided by this Constitution or any general or local law. This provision shall not apply to any elected official seeking or holding more than one elective office when the holding of such offices simultaneously is specifically authorized by law.

SECTION III.

SUSPENSION AND REMOVAL OF PUBLIC OFFICIALS

Paragraph I. Procedures for and effect of suspending or removing public officials upon felony indictment. (a) As used in this Paragraph, the term "public official" means the Governor, the Lieutenant Governor, the Secretary of State, the Attorney General, the State School Superintendent, the Commissioner of Insurance, the Commissioner of Agriculture, the Commissioner of Labor, and any member of the General Assembly.

(b) Upon indictment for a felony by a grand jury of this state or by the United States, which felony indictment relates to the performance or activities of the office of any public official, the Attorney General or district attorney shall transmit a certified copy of the indictment to the Governor or, if the indicted public official is the Governor, to the Lieutenant Governor who shall, subject to subparagraph (d) of this Paragraph, appoint a review commission. If the indicted public official is the Governor, the commission shall be composed of the Attorney General, the Secretary of State, the State School Superintendent, the Commissioner of Insurance, the Commissioner of Agriculture, and the Commissioner of Labor. If the indicted public official is the Attorney General, the commission shall be composed of three other public officials who are not members of the General Assembly. If the indicted public official is not the Governor, the Attorney General, or a member of the General Assembly, the commission shall be composed of the Attorney General and two other public officials who are not members of the General Assembly. If the indicted public official is a member of the General Assembly, the commission shall be composed of the Attorney General and one member of the Senate and one member of the House of Representatives. If the Attorney General brings the indictment against the public official, the Attorney General shall not serve on the commission. In place of the Attorney General, the Governor shall appoint a retired Supreme Court Justice or a retired Court of Appeals Judge. The commission shall provide for a speedy hearing, including notice of the nature and cause of the hearing, process for obtaining witnesses, and the assistance of counsel. Unless a longer

period of time is granted by the appointing authority, the commission shall make a written report within 14 days. If the commission determines that the indictment relates to and adversely affects the administration of the office of the indicted public official and that the rights and interests of the public are adversely affected thereby, the Governor or, if the Governor is the indicted public official, the Lieutenant Governor shall suspend the public official immediately and without further action pending the final disposition of the case or until the expiration of the officer's term of office, whichever occurs first. During the term of office to which such officer was elected and in which the indictment occurred, if a nolle prosequi is entered, if the public official is acquitted, or if after conviction the conviction is later overturned as a result of any direct appeal or application for a writ of certiorari, the officer shall be immediately reinstated to the office from which he was suspended. While a public official is suspended under this Paragraph and until initial conviction by the trial court, the officer shall continue to receive the compensation from his office. After initial conviction by the trial court, the officer shall not be entitled to receive the compensation from his office. If the officer is reinstated to office, he shall be entitled to receive any compensation withheld under the provisions of this Paragraph.

(c) Unless the Governor is the public officer under suspension, for the duration of any suspension under this Paragraph, the Governor shall appoint a replacement officer except in the case of a member of the General Assembly. If the Governor is the public officer under suspension, the provisions of Article V, Section I, Paragraph V of this Constitution shall apply as if the Governor were temporarily disabled. Upon a final conviction with no appeal or review pending, the office shall be declared vacant and a successor to that office shall be chosen as provided in this Constitution or the laws enacted in pursuance thereof.

(d) No commission shall be appointed for a period of 14 days from the day the indictment is received. This period of time may be extended by the Governor. During this period of time, the indicted public official may, in writing, authorize the Governor or, if the Governor is the indicted public official, the Lieutenant Governor to suspend him from office. Any such voluntary suspension shall be subject to the same conditions for review, reinstatement, or declaration of vacancy as are provided in this Paragraph for a nonvoluntary suspension.

(e) After any suspension is imposed under this Paragraph, the suspended public official may petition the appointing authority for a review. The Governor or, if the indicted public official is the Governor, the Lieutenant Governor may reappoint the commission to review the suspension. The commission shall make a written report within 14 days. If the commission recommends that the public official be reinstated, he shall immediately be reinstated to office.

(f) The report and records of the commission and the fact that the public official has or has not been suspended shall not be admissible in evidence in any court for any purpose. The report and record of the commission shall not be open to the public.

(g) The provisions of this Paragraph shall not apply to any indictment handed down prior to January 1, 1985.

(h) If a public official who is suspended from office under the provisions of this Paragraph is not first tried at the next regular or special term following the indictment, the suspension shall be terminated and the public official shall be reinstated to office. The public official shall not be reinstated under this subparagraph if he is not so tried based on a continuance granted upon a motion made only by the defendant.

Paragraph II. Suspension upon felony conviction. Upon initial conviction of any public official designated in Paragraph I of this section for any felony in a trial court of this state or the United States, regardless of whether the officer has been suspended previously under Paragraph I of this section, such public official shall be immediately and without further action suspended from office. While a public official is suspended from office under this Paragraph, he or she shall not be entitled to receive the compensation from his or her office. If, during the remainder of the elected official's term of office, the conviction is later overturned as a result of any direct appeal or application for a writ of certiorari, the public official shall be immediately reinstated to the office from which he or she was suspended and shall be entitled to receive any compensation withheld under the provisions of this Paragraph. Unless the Governor is the public official under suspension, for the duration of any suspension under this Paragraph, the Governor shall appoint a replacement official except in the case of a member of the General Assembly. If the public officer under suspension is a member of the Senate or House of Representatives, then a replacement member for the duration of the suspension shall be elected as now or hereafter provided by law, in a manner the same as or similar to the election of a member to fill a vacancy in the General Assembly but to serve only for the duration of the suspension. If the Governor is the public officer under suspension, the provisions of Article V, Section I, Paragraph V of this Constitution shall apply as if the Governor were temporarily disabled. Upon a final conviction with no appeal or review pending, the office shall be declared vacant and a successor to that office shall be chosen as provided in this Constitution or the laws enacted in pursuance thereof. The provisions of this Paragraph shall not apply to any conviction rendered prior to January 1, 1987.

Paragraph XII. Rejected bills. No bill or resolution intended to have the effect of law which shall have been rejected by either house shall again be proposed during the same regular or special session under the same or any other title without the consent of two-thirds of the house by which the same was rejected.

If two-thirds of the members to which such house is entitled vote to override the veto of the Governor, the same shall be immediately transmitted to the other house where it shall be immediately considered. Upon the vote to override the veto by two-thirds of the members to which such other house is entitled, such bill or resolution shall become law. All bills and resolutions vetoed during the last three days of the session and not considered for the purpose of overriding the veto and all bills and resolutions vetoed after the General Assembly has adjourned sine die may be considered at the next session of the General Assembly for the purpose of overriding the veto in the manner herein provided. If either house shall fail to override the Governor's veto, neither house shall again consider such bill or resolution for the purpose of overriding such veto.

(b) The General Assembly shall annually appropriate those state and federal funds necessary to operate all the various departments and agencies. To the extent that federal funds received by the state for any program, project, activity, purpose, or expenditure are changed by federal authority or exceed the amount or amounts appropriated in the general appropriations Act or supplementary appropriation Act or Acts, or are not anticipated, such excess, changed or unanticipated federal funds are hereby continually appropriated for the purposes authorized and directed by the federal government in making the grant. In those instances where the conditions under which the federal funds have been made available do not provide otherwise, federal funds shall first be used to replace state funds that were appropriated to supplant federal funds in the same state fiscal year. The fiscal year of the state shall commence on the first day of July of each year and terminate on the thirtieth of June following.

(c) The General Assembly shall by general law provide for the regulation and management of the finance and fiscal administration of the state.

(b) The General Assembly shall not appropriate funds for any given fiscal year which, in aggregate, exceed a sum equal to the amount of unappropriated surplus expected to have accrued in the state treasury at the beginning of the fiscal year together with an amount not greater than the total treasury receipts from existing revenue sources anticipated to be collected in the fiscal year, less refunds, as estimated in the budget report and amendments thereto. Supplementary appropriations, if any, shall be made in the manner provided in Paragraph V of this section of the Constitution; but in no event shall a supplementary appropriations Act continue in force and effect beyond the expiration of the general appropriations Act in effect when such supplementary appropriations Act was adopted and approved.

by laws enacted by the General Assembly of Georgia, and for grants to counties by law authorizing road construction and maintenance, as provided by law authorizing such grants. Said sum is hereby appropriated for, and shall be available for, the aforesaid purposes regardless of whether the General Assembly enacts a general appropriations Act; and said sum need not be specifically stated in any general appropriations Act passed by the General Assembly in order to be available for such purposes. However, this shall not preclude the General Assembly from appropriating for such purposes an amount greater than the sum specified above for such purposes. The expenditure of such funds shall be subject to all the rules, regulations, and restrictions imposed on the expenditure of appropriations by provisions of the Constitution and laws of this state, unless such provisions are in conflict with the provisions of this paragraph. And provided, however, that the proceeds of the tax hereby appropriated shall not be subject to budgetary reduction. Moneys in the fund shall be exclusively used for primary health care programs for medically indigent citizens and children of this state, for expansion of Medicaid eligibility and services, or for programs to support rural and other health care providers, primarily hospitals, who disproportionately serve the medically indigent. Any other appropriation from the Indigent Care Trust Fund shall be void. Contributions and revenues deposited to the fund shall not lapse and shall not be subject to the limitations of subparagraph (a) of this Paragraph or of Article VII, Section III, Paragraph II. Contributions in the fund which are not appropriated as required by this subparagraph shall be refunded pro rata to the contributors thereof, as provided by the General Assembly.

(a) There shall be a district attorney for each judicial circuit, who shall be elected circuit-wide for a term of four years. The successors of present and subsequent incumbents shall be elected by the electors of their respective circuits at the general election held immediately preceding the expiration of their respective terms. District attorneys shall serve until their successors are duly elected and qualified. Vacancies shall be filled by appointment of the Governor.

(b) No person shall be a district attorney unless such person shall have been an active-status member of the State Bar of Georgia for three years immediately preceding such person's election.

(c) The district attorneys shall receive such compensation and allowances as provided by law and shall be entitled to receive such local supplements to their compensation and allowances as may be provided by law.

(d) It shall be the duty of the district attorney to represent the state in all criminal cases in the superior court of such district attorney's circuit and in all cases appealed from the superior court and the juvenile courts of that circuit to the Supreme Court and the Court of Appeals and to perform such other duties as shall be required by law.

(e) District attorneys shall enjoy immunity from private suit for actions arising from the performance of their duties.

Paragraph II. Discipline, removal, and involuntary retirement of district attorneys. Any district attorney may be disciplined, removed or involuntarily retired as provided by general law.

SECTION IX. GENERAL PROVISIONS

Not more than 24 months after the effective date hereof, and from time to time thereafter by amendment, the Supreme Court shall, with the advice and consent of the council of the affected class or classes of trial courts, by order adopt and publish uniform court rules and record-keeping rules which shall provide for the

speedy, efficient, and inexpensive resolution of disputes and prosecutions. Each council shall be comprised of all of the judges of the courts of that class.

Paragraph II. *Disposition of cases.* The Supreme Court and the Court of Appeals shall dispose of every case at the term for which it is entered on the court's docket for hearing or at the next term.

SECTION X. TRANSITION

(2) State courts shall continue as state courts.

(3) Probate courts shall continue as probate courts.

(4) Juvenile courts shall continue as juvenile courts.

(5) Municipal courts not otherwise named herein, of whatever name, shall continue as and be denominated municipal courts, except that the City Court of Atlanta shall retain its name. Such municipal courts, county recorder's courts, the Civil Courts of Richmond and Bibb counties, and administrative agencies having quasi-judicial powers shall continue with the same jurisdiction as such courts and agencies have on the effective date of this article until otherwise provided by law.

(6) Justice of the peace courts, small claims courts, and magistrate courts operating on the effective date of this Constitution and the County Court of Echols County shall become and be classified as magistrate courts. Paragraph II. *Continuation of judges.* Each judge holding office on the effective date of this article shall continue in office until the expiration of the term of office, as a judge of the court having the same or similar jurisdiction. Each court not named herein shall cease to exist on such date or at the expiration of the term of the incumbent judge, whichever is later; and its jurisdiction shall automatically pass to the new court of the same or similar jurisdiction, in the absence of which court it shall pass to the superior court.

ARTICLE VII.
TAXATION AND FINANCE

SECTION I.
POWER OF TAXATION

Paragraph I. *Taxation; limitations on grants of tax powers.*

The state may not suspend or irrevocably give, grant, limit, or restrain the right of taxation and all laws, grants, contracts, and other acts to effect any of these purposes are null and void. Except as otherwise provided in this Constitution, the right of taxation shall always be under the complete control of the state.

Paragraph II. *Taxing power limited.* (a) The annual levy of state ad valorem taxes on tangible property for all purposes, except for defending the state in an emergency, shall not exceed one-fourth mill on each dollar of the assessed value of the property.

(b) So long as the method of taxation in effect on December 31, 1980, for the taxation of shares of stock of banking corporations and other monied capital coming into competition with such banking corporations continues in effect, such shares and other monied capital may be taxed at an annual rate not exceeding five mills on each dollar of the assessed value of the property.

Paragraph III. *Uniformity; classification of property; assessment of agricultural land; utilities.* (a) All taxes shall be levied and collected under general laws and for public purposes only. Except as otherwise provided in subparagraphs (b), (c), (d), and (e), all taxation shall be uniform upon the same class of subjects within the territorial limits of the authority levying the tax.

(b)(1) Except as otherwise provided in this subparagraph (b), classes of subjects for taxation of property shall consist of tangible property and one or more classes of intangible personal property including money; provided, however, that any taxation of intangible personal property may be repealed by general law without approval in a referendum effective for all taxable years beginning on or after January 1, 1996.

(2) Subject to the conditions and limitations specified by law, each of the following types of property may be classified as a separate class of property for ad valorem property tax purposes and different rates, methods, and assessment dates may be provided for such properties:

(A) Trailers.

(B) Mobile homes other than those mobile homes which qualify the owner of the home for a homestead exemption from ad valorem taxation.

(C) Heavy-duty equipment motor vehicles owned by nonresidents and operated in this state.

(3) Motor vehicles may be classified as a separate class of property for ad valorem property tax purposes, and such class may be divided into separate subclasses for ad valorem

purposes. The General Assembly may provide by general law for the ad valorem taxation of motor vehicles including, but not limited to, providing for different rates, methods, assessment dates, and taxpayer liability for such class and for each of its subclasses and need not provide for uniformity of taxation with other classes of property or between or within its subclasses. The General Assembly may also determine what portion of any ad valorem tax on motor vehicles shall be retained by the state. As used in this subparagraph, the term "motor vehicles" means all vehicles which are self-propelled.

(c) Tangible real property, but no more than 2,000 acres of any single property owner, which is devoted to bona fide agricultural purposes shall be assessed for ad valorem taxation purposes at 75 percent of the value which other tangible real property is assessed. No property shall be entitled to receive the preferential assessment provided for in this subparagraph if the property which would otherwise receive such assessment would result in any person who has a beneficial interest in such property, including any interest in the nature of stock ownership, receiving the benefit of such preferential assessment as to more than 2,000 acres. No property shall be entitled to receive the preferential assessment provided for in this subparagraph unless the conditions set out below are met:

(1) The property must be owned by:

(A)(i) One or more natural or naturalized citizens;

(ii) An estate of which the devisee or heirs are one or more natural or naturalized citizens; or

(iii) A trust of which the beneficiaries are one or more natural or naturalized citizens; or

(B) A family-owned farm corporation, the controlling interest of which is owned by individuals related to each other within the fourth degree of civil reckoning, or which is owned by an estate of which the devisee or heirs are one or more natural or naturalized citizens, or which is owned by a trust of which the beneficiaries are one or more natural or naturalized citizens, and such corporation derived 80 percent or more of its gross income from bona fide agricultural pursuits within this state within the year immediately preceding the year in which eligibility is sought.

(2) The General Assembly shall provide by law:

(A) For a definition of the term "bona fide agricultural purposes," but such term shall include timber production;

(B) For additional minimum conditions of eligibility which such properties must meet in order to qualify for the preferential assessment provided for herein, including, but not limited to, the requirement that the owner be required to enter into a covenant with the appropriate taxing authorities to maintain the use of the properties in bona fide agricultural purposes for a period of not less than ten years and for appropriate penalties for the breach of any such covenant.

(3) In addition to the specific conditions set forth in this subparagraph (c), the General Assembly may place further restrictions upon, but may not relax, the conditions of eligibility for the preferential assessment provided for herein.

(d) The General Assembly shall be authorized by general law to establish as a separate class of property for ad valorem tax purposes any tangible real property which is listed in the National Register of Historic Places or in a state historic register authorized by general law. For such purposes, the General Assembly is authorized by general law to establish a program by which certain properties within such class may be assessed for taxes at different rates or valuations in order to encourage the preservation of such historic properties and to assist in the revitalization of historic areas.

(e) The General Assembly shall provide by general law:

(1) For the definition and methods of assessment and taxation, such methods to include a formula based on current use, annual productivity, and real property sales data, of: "bona fide conservation use property" to include bona fide agricultural and timber land not to exceed 2,000 acres of a single owner; and "bona fide residential transitional property," to include private single-family residential owner occupied property located in transitional developing areas not to exceed five acres of any single owner. Such methods of assessment and taxation shall be subject to the following conditions:

(A) A property owner desiring the benefit of such methods of assessment and taxation shall be required to enter into a covenant to continue the property in bona fide conservation use or bona fide residential transitional use; and

(B) A breach of such covenant within ten years shall result in a recapture of the tax savings resulting from such methods of assessment and taxation and may result in other appropriate penalties;

(2) That standing timber shall be assessed only once, and such assessment shall be made following its harvest or sale and on the basis of its fair market value at the time of harvest or sale. Said assessment shall be two and one-half times the assessed percentage of value fixed by law for other real property taxed under the uniformity provisions of subparagraph (a) of this Paragraph but in no event greater than its fair market value; and for a method of temporary supplementation of the property tax digest of any county if the implementation of this method of taxing timber reduces the tax digest by more than 20 percent, such supplemental assessed value to be assigned to the properties otherwise benefiting from such method of taxing timber.

(f) The General Assembly may provide for a different method and time of returns, assessments, payment, and collection of ad valorem taxes of public utilities, but not on a greater assessed percentage of value or at a higher rate of taxation than other properties, except that property provided for in subparagraph (c), (d), or (e).

SECTION II.
EXEMPTIONS FROM AD VALOREM TAXATION

Paragraph I. *Unauthorized tax exemptions void.* Except as authorized in or pursuant to this Constitution, all laws exempting property from ad valorem taxation are void.

Paragraph II. *Exemptions from taxation of property.* (a)(1) Except as otherwise provided in this Constitution, no property shall be exempted from ad valorem taxation unless the exemption is approved by two-thirds of the members elected to each branch of the General Assembly in a roll-call vote and by a majority of the qualified electors of the state voting in a referendum thereon.

(2) Homestead exemptions from ad valorem taxation levied by local taxing jurisdictions may be granted by local law conditioned upon approval by a majority of the qualified electors residing within the limits of the local taxing jurisdiction voting in a referendum thereon.

(3) Laws subject to the requirement of a referendum as provided in this subparagraph (a) may originate in either the Senate or the House of Representatives.

(4) The requirements of this subparagraph (a) shall not apply with respect to a law which codifies or recodifies an exemption previously authorized in the Constitution of 1976 or an exemption authorized pursuant to this Constitution.

(b) The grant of any exemption from ad valorem taxation shall be subject to the conditions, limitations, and administrative procedures specified by law.

Paragraph III. *Exemptions which may be authorized locally.*

(a)(1) The governing authority of any county or municipality, subject to the approval of a majority of the qualified electors of such political subdivision voting in a referendum thereon, may exempt from ad valorem taxation, including all such taxation levied for educational purposes and for state purposes, inventories of goods in the process of manufacture or production, and inventories of finished goods.

(2) Exemptions granted pursuant to this subparagraph (a) may only be revoked by a referendum election called and conducted as provided by law. The call for such referendum shall not be issued within five years from the date such exemptions were first granted and, if the results of the election are in favor of the revocation of such exemptions, then such revocation shall be effective only at the end of a five-year period from the date of such referendum.

(3) The implementation, administration, and revocation of the exemptions authorized in this subparagraph (a) shall be provided for by law. Until otherwise provided by law, the grant of the exemption shall be subject to the same conditions, limitations, definitions, and procedures provided for the grant of such exemption in the Constitution of 1976 on June 30, 1983.

(b) Repealed.

Paragraph IV. Current property tax exemptions preserved.

Those types of exemptions from ad valorem taxation provided for by law on June 30, 1983, are hereby continued in effect as statutory law until otherwise provided for by law. Any law which reduces or repeals any homestead exemption in existence on June 30, 1983, or created thereafter must be approved by two-thirds of the members elected to each branch of the General Assembly in a roll-call vote and by a majority of the qualified electors of the state or the affected local taxing jurisdiction voting in a referendum thereon. Any law which reduces or repeals exemptions granted to religious or burial grounds or institutions of purely public charity must be approved by two-thirds of the members elected to each branch of the General Assembly.

Paragraph V. Disabled veteran's homestead exemption. Except as otherwise provided in this paragraph, the amount of the homestead exemption granted to disabled veterans shall be the greater of \$32,500.00 or the maximum amount which may be granted to a disabled veteran under Section 802 of Title 38 of the United States Code as hereafter amended. Such exemption shall be granted to: those persons eligible for such exemption on June 30, 1983; to disabled American veterans of any war or armed conflict who are disabled due to loss or loss of use of one lower extremity together with the loss or loss of use of one upper extremity which so affects the functions of balance or propulsion as to preclude locomotion without the aid of braces, crutches, canes, or a wheelchair; and to disabled veterans hereafter becoming eligible for assistance in acquiring housing under Section 801 of the United States Code as hereafter amended. The General Assembly may by general law provide for a different amount or a different method of determining the amount of or eligibility for the homestead exemption granted to disabled veterans. Any such law shall be enacted by a simple majority of the votes of all the members to which each house is entitled and may become effective without referendum. Such law may provide that the amount of or eligibility for the exemption shall be determined by reference to laws enacted by the United States Congress.

SECTION IIA.

HOMEOWNER'S INCENTIVE ADJUSTMENT

Paragraph I. State grants; adjustment amount. For each taxable year, a homeowner's incentive adjustment may be applied to the return of each taxpayer claiming such state-wide homestead exemption as may be specified by general law. The amount of such adjustment may provide a taxpayer with a benefit equivalent to a homestead exemption of up to \$18,000.00 of the assessed value of a taxpayer's homestead or the taxpayer's ad valorem property tax liability on the homestead, whichever is lower. The General Assembly may appropriate such amount each year for grants to local governments and school districts as homeowner tax relief grants. The adjustments and grants authorized by this Paragraph shall be made in such manner and shall be subject to the procedures and conditions as may be specified by general law heretofore or hereafter enacted.

SECTION III.

PURPOSES AND METHOD OF STATE TAXATION

Paragraph I. *Taxation; purposes for which powers may be exercised.* (a) Except as otherwise provided in this Constitution, the power of taxation over the whole state may be exercised for any purpose authorized by law. Any purpose for which the powers of taxation over the whole state could have been exercised on June 30, 1983, shall continue to be a purpose for which such powers may be exercised.

(b) Subject to conditions and limitations as may be provided by law, the power of taxation may be exercised to make grants for tax relief purposes to persons for sales tax paid and not otherwise reimbursed on prescription drugs. Credits or relief provided hereunder may be limited only to such reasonable classifications of taxpayers as may be specified by law.

Paragraph II. *Revenue to be paid into general fund.* (a) Except as otherwise provided in this Constitution, all revenue collected from taxes, fees, and assessments for state purposes, as authorized by revenue measures enacted by the General Assembly, shall be paid into the general fund of the state treasury.

(b)(1) As authorized by law providing for the promotion of any one or more types of agricultural products, fees, assessments, and other charges collected on the sale or processing of agricultural products need not be paid into the general fund of the state treasury. The uniformity requirement of this article shall be satisfied by the application of the agricultural promotion program upon the affected products.

(2) As used in this subparagraph, "agricultural products" includes, but is not limited to, registered livestock and livestock products, poultry and poultry products, timber and timber products, fish and seafood, and the products of the farms and forests of this state.

Paragraph III. *Grants to counties and municipalities.* State funds may be granted to counties and municipalities within the state. The grants authorized by this Paragraph shall be made in such manner and form and subject to the procedures and conditions specified by law. The law providing for any such grant may limit the purposes for which the grant funds may be expended.

SECTION IV. STATE DEBT

Paragraph I. *Purposes for which debt may be incurred.* The state may incur:

(a) Public debt without limit to repel invasion, suppress insurrection, and defend the state in time of war.

(b) Public debt to supply a temporary deficit in the state treasury in any fiscal year created by a delay in collecting the taxes of that year. Such debt shall not exceed, in the aggregate, 5 percent of the total revenue receipts, less refunds, of the state treasury in the fiscal year immediately

preceding the year in which such debt is incurred. The debt incurred shall be repaid on or before the last day of the fiscal year in which it is incurred out of taxes levied for that fiscal year. No such debt may be incurred in any fiscal year under the provisions of this subparagraph (b) if there is then outstanding unpaid debt from any previous fiscal year which was incurred to supply a temporary deficit in the state treasury.

(c) General obligation debt to acquire, construct, develop, extend, enlarge, or improve land, waters, property, highways, buildings, structures, equipment, or facilities of the state, its agencies, departments, institutions, and of those state authorities which were created and activated prior to November 8, 1960.

(d) General obligation debt to provide educational facilities for county and independent school systems and to provide public library facilities for county and independent school systems, counties, municipalities, and boards of trustees of public libraries or boards of trustees of public library systems, and, when the construction of such educational or library facilities has been completed, the title to such facilities shall be vested in the respective local boards of education, counties, municipalities, or public library boards of trustees for which such facilities were constructed.

(e) General obligation debt in order to make loans to counties, municipal corporations, political subdivisions, local authorities, and other local government entities for water or sewerage facilities or systems or for regional or multijurisdictional solid waste recycling or solid waste facilities or systems. It shall not be necessary for the state or a state authority to hold title to or otherwise be the owner of such facilities or systems. General obligation debt for these purposes may be authorized and incurred for administration and disbursement by a state authority created and activated before, on, or after November 8, 1960.

(f) Guaranteed revenue debt by guaranteeing the payment of revenue obligations issued by an instrumentality of the state if such revenue obligations are issued to finance:

(1) Toll bridges or toll roads.

(2) Land public transportation facilities or systems.

(3) Water facilities or systems.

(4) Sewage facilities or systems.

(5) Loans to, and loan programs for, citizens of the state for educational purposes.

(6) Regional or multijurisdictional solid waste recycling or solid waste facilities or systems.

Paragraph II. State general obligation debt and guaranteed revenue debt; limitations. (a) As used in this Paragraph and Paragraph III of this section, "annual debt service requirements" means the total principal and interest coming due in any state fiscal year. With regard to any issue of debt incurred wholly or in part on a term basis, "annual debt service requirements" means an amount equal to the total principal and

interest payments required to retire such issue in full divided by the number of years from its issue date to its maturity date.

(b) No debt may be incurred under subparagraphs (c), (d), and (e) of Paragraph I of this section or Paragraph V of this section at any time when the highest aggregate annual debt service requirements for the then current year or any subsequent year for outstanding general obligation debt and guaranteed revenue debt, including the proposed debt, and the highest aggregate annual payments for the then current year or any subsequent fiscal year of the state under all contracts then in force to which the provisions of the second paragraph of Article IX, Section VI, Paragraph I(a) of the Constitution of 1976 are applicable, exceed 10 percent of the total revenue receipts, less refunds of the state treasury in the fiscal year immediately preceding the year in which any such debt is to be incurred.

(c) No debt may be incurred under subparagraphs (c) and (d) of Paragraph I of this section at any time when the term of the debt is in excess of 25 years.

(d) No guaranteed revenue debt may be incurred to finance water or sewage treatment facilities or systems when the highest aggregate annual debt service requirements for the then current year or any subsequent fiscal year of the state for outstanding or proposed guaranteed revenue debt for water facilities or systems or sewage facilities or systems exceed 1 percent of the total revenue receipts less refunds, of the state treasury in the fiscal year immediately preceding the year in which any such debt is to be incurred.

(e) The aggregate amount of guaranteed revenue debt incurred to make loans for educational purposes that may be outstanding at any time shall not exceed \$18 million, and the aggregate amount of guaranteed revenue debt incurred to purchase, or to lend or deposit against the security of, loans for educational purposes that may be outstanding at any time shall not exceed \$72 million.

Paragraph III. State general obligation debt and guaranteed revenue

stating the purposes, in general or specific terms, for which such issue of debt is to be incurred, specifying the maximum principal amount of such issue and appropriating an amount at least sufficient to pay the highest annual debt service requirements for such issue. All such appropriations for debt service purposes shall not lapse for any reason and shall continue in effect until the debt for which such appropriation was authorized shall have been incurred, but the General Assembly may repeal any such appropriation at any time prior to the incurring of such debt. The General Assembly shall raise by taxation and appropriate each fiscal year, in addition to the sum necessary to make all payments required under contracts entitled to the protection of the second paragraph of Paragraph I(a), Section VI, Article IX of the Constitution of 1976, such amounts as are necessary to pay debt service requirements in such fiscal year on all general obligation debt.

(2)(A) The General Assembly shall appropriate to a special trust fund to be designated "State of Georgia General Obligation Debt Sinking Fund" such amounts as are necessary to pay annual debt service requirements on all general obligation debt. The sinking fund shall be used solely for

the retirement of general obligation debt payable from the fund. If for any reason the monies in the sinking fund are insufficient to make, when due, all payments required with respect to such general obligation debt, the first revenues thereafter received in the general fund of the state shall be set aside by the appropriate state fiscal officer to the extent necessary to cure the deficiency and shall be deposited by the fiscal officer into the sinking fund. The appropriate state fiscal officer may be required to set aside and apply such revenues at the suit of any holder of any general obligation debt incurred under this section.

(B) The obligation to make sinking fund deposits as provided in subparagraph (2)(A) shall be subordinate to the obligation imposed upon the fiscal officers of the state pursuant to the provisions of the second paragraph of Paragraph I(a) of Section VI of Article IX of the Constitution of 1976.

(b)(1) Guaranteed revenue debt may not be incurred until legislation has been enacted authorizing the guarantee of the specific issue of revenue obligations then proposed, reciting that the General Assembly has determined such obligations will be self-liquidating over the life of the issue (which determination shall be conclusive), specifying the maximum principal amount of such issue and appropriating an amount at least equal to the highest annual debt service requirements for such issue.

(2)(A) Each appropriation made for the purposes of subparagraph (b)(1) shall be paid upon the issuance of said obligations into a special trust fund to be designated "State of Georgia Guaranteed Revenue Debt Common Reserve Fund" to be held together with all other sums similarly appropriated as a common reserve for any payments which may be required by virtue of any guarantee entered into in connection with any issue of guaranteed revenue obligations. No appropriations for the benefit of guaranteed revenue debt shall lapse unless repealed prior to the payment of the appropriation into the common reserve fund.

(B) If any payments are required to be made from the common reserve fund to meet debt service requirements on guaranteed revenue obligations by virtue of an insufficiency of revenues, the amount necessary to cure the deficiency shall be paid from the common reserve fund by the appropriate state fiscal officer. Upon any such payment, the common reserve fund shall be reimbursed from the general funds of the state within ten days following the commencement of any fiscal year of the state for any amounts so paid; provided, however, the obligation to make any such reimbursements shall be subordinate to the obligation imposed upon the fiscal officers of the state pursuant to the second paragraph of Paragraph I(a) of Section VI, Article IX of the Constitution of 1976 and shall also be subordinate to the obligation to make sinking fund deposits for the benefit of general obligation debt. The appropriate state fiscal officer may be required to apply such funds as provided in this subparagraph (b)(2)(B) at the suit of any holder of any such guaranteed revenue obligations.

(C) The amount to the credit of the common reserve fund shall at all times be at least equal to the aggregate highest annual debt service requirements on all outstanding guaranteed revenue obligations entitled to the benefit of the fund. If at the end of any fiscal year of the state the fund is in excess of the required amount, the appropriate state fiscal officer, as designated by law, shall transfer the excess amount to the general funds of the state free of said trust.

(c) The funds in the general obligation debt sinking fund and the guaranteed revenue debt common reserve fund shall be as fully invested as is practicable, consistent with the requirements to make current principal and interest payments. Any such investments shall be restricted to obligations constituting direct and general obligations of the United States government or obligations unconditionally guaranteed as to the payment of principal and interest by the United States government, maturing no longer than 12 months from date of purchase.

Paragraph IV. *Certain contracts prohibited.* The state, and all state institutions, departments and agencies of the state are prohibited from entering into any contract, except contracts pertaining to guaranteed revenue debt, with any public agency, public corporation, authority, or similar entity if such contract is intended to constitute security for bonds or other obligations issued by any such public agency, public corporation, or authority and, in the event any contract between the state, or any state institution, department or agency of the state and any public agency, public corporation, authority or similar entity, or any revenues from any such contract, is pledged or assigned as security for the repayment of bonds or other obligations, then and in either such event, the appropriation or expenditure of any funds of the state for the payment of obligations under any such contract shall likewise be prohibited.

Paragraph V. *Refunding of debt.* The state may incur general obligation debt or guaranteed revenue debt to fund or refund any such debt or to fund or refund any obligations issued upon the security of contracts to which the provisions of the second paragraph of Paragraph I(a), Section VI, Article IX of the Constitution of 1976 are applicable. The issuance of any such debt for the purposes of said funding or refunding shall be subject to the 10 percent limitation in Paragraph II(b) of this section to the same extent as debt incurred under Paragraph I of this section; provided, however, in making such computation the annual debt service requirements and annual contract payments remaining on the debt or obligations being funded or refunded shall not be taken into account. The issuance of such debt may be accomplished by resolution of the Georgia State Financing and Investment Commission without any action on the part of the General Assembly and any appropriation made or required to be made with respect to the debt or obligation being funded or refunded shall immediately attach and inure to the benefit of the obligations to be issued in connection with such funding or refunding. Debt incurred in connection with any such funding or refunding shall be the same as that originally authorized by the General Assembly, except that general obligation debt may be incurred to fund or refund obligations issued upon the security of contracts to which the provisions of the second paragraph of Paragraph I(a), Section VI, Article IX of the Constitution of

1976 are applicable and the continuing appropriations required to be made under this Constitution shall immediately attach and inure to the benefit of the obligation to be issued in connection with such funding or refunding with the same force and effect as though said obligations so funded or refunded had originally been issued as a general obligation debt authorized hereunder. The term of a funding or refunding issue pursuant to this Paragraph shall not extend beyond the term of the original debt or obligation and the total interest on the funding or refunding issue shall not exceed the total interest to be paid on such original debt or obligation. The principal amount of any debt issued in connection with such funding or refunding may exceed the principal amount being funded or refunded to the extent necessary to provide for the payment of any premium thereby incurred.

Paragraph VI. Faith and credit of state pledged debt may be validated. The full faith, credit, and taxing power of the state are hereby pledged to the payment of all public debt incurred under this article and all such debt and the interest on the debt shall be exempt from taxation. Such debt may be validated by judicial proceedings in the manner provided by law. Such validation shall be incontestable and conclusive.

Paragraph VII. Georgia State Financing and Investment Commission; duties. (a) There shall be a Georgia State Financing and Investment Commission. The commission shall consist of the Governor, the President of the Senate, the Speaker of the House of Representatives, the State Auditor, the Attorney General, the director, Fiscal Division, Department of Administrative Services, or such other officer as may be designated by law, and the Commissioner of Agriculture. The commission shall be responsible for the issuance of all public debt and for the proper application, as provided by law, of the proceeds of such debt to the purposes for which it is incurred; provided, however, the proceeds from guaranteed revenue obligations shall be paid to the issuer thereof and such proceeds and the application thereof shall be the responsibility of such issuer. Debt to be incurred at the same time for more than one purpose may be combined in one issue without stating the purpose separately but the proceeds thereof must be allocated, disbursed and used solely in accordance with the original purpose and without exceeding the principal amount authorized for each purpose set forth in the authorization of the General Assembly and to the extent not so used shall be used to purchase and retire public debt. The commission shall be responsible for the investment of all proceeds to be administered by it and, as provided by law, the income earned on any such investments may be used to pay operating expenses of the commission or placed in a common debt retirement fund and used to purchase and retire any public debt, or any bonds or obligations issued by any public agency, public corporation or authority which are secured by a contract to which the provisions of the second paragraph of Paragraph I(a) of Section VI, Article IX of the Constitution of 1976 are applicable. The commission shall have such additional responsibilities, powers, and duties as are provided by law.

(b) Notwithstanding subparagraph (a) of this Paragraph, proceeds from general obligation debt issued for making loans to local government entities for water or sewerage facilities or systems or for regional or multijurisdictional solid waste recycling or solid waste facilities or systems as provided in Paragraph I(e) of this section shall be paid or transferred to

and administered and invested by the unit of state government or state authority made responsible by law for such activities, and the proceeds and investment earnings thereof shall be applied and disbursed by such unit or authority.

Paragraph VIII. State aid forbidden. Except as provided in this Constitution, the credit of the state shall not be pledged or loaned to any individual, company, corporation, or association. The state shall not become a joint owner or stockholder in or with any individual, company, association, or corporation.

Paragraph IX. Construction. Paragraphs I through VIII of this section are for the purpose of providing an effective method of financing the state's needs and their provisions and any law now or hereafter enacted by the General Assembly in furtherance of their provisions shall be liberally construed to effect such purpose. Insofar as any such provisions or any such law may be inconsistent with any other provisions of this Constitution or of any other law, the provisions of such Paragraphs and laws enacted in furtherance of such Paragraphs shall be controlling; provided, however, the provisions of such Paragraphs shall not be so broadly construed as to cause the same to be unconstitutional and in connection with any such construction such Paragraphs shall be deemed to contain such implied limitations as shall be required to accomplish the foregoing.

Paragraph X. Assumption of debts forbidden; exceptions. The state shall not assume the debt, or any part thereof, of any county, municipality, or other political subdivision of the state, unless such debt be contracted to enable the state to repel invasion, suppress civil disorders or insurrection, or defend itself in time of war.

Paragraph XI. Section not to unlawfully impair contracts or revive obligations previously voided. The provisions of this section shall not be construed so as to:

(a) Unlawfully impair the obligation of any contract in effect on June 30, 1983.

(b) Revive or permit the revival of the obligation of any bond or security declared to be void by the Constitution of 1976 or any previous Constitution of this state.

ARTICLE VIII.

EDUCATION

SECTION I.

PUBLIC EDUCATION

Paragraph I. *Public education; free public education prior to college or postsecondary level; support by taxation.* The provision of an adequate public education for the citizens shall be a primary obligation of the State of Georgia. Public education for the citizens prior to the college or postsecondary level shall be free and shall be provided for by taxation. The expense of other public education shall be provided for in such manner and in such amount as may be provided by law.

SECTION II.

STATE BOARD OF EDUCATION

Paragraph I. *State Board of Education.* (a) There shall be a State Board of Education which shall consist of one member from each congressional district in the state appointed by the Governor and confirmed by the Senate. The Governor shall not be a member of said board. The ten members in office on June 30, 1983, shall serve out the remainder of their respective terms. Any special schools shall be operated in conformity with regulations of the State Board of Education pursuant to provisions of law. The state is authorized to expend funds for the support and maintenance of special schools in such amount and manner as may be provided by law.

SECTION VI. LOCAL TAXATION FOR EDUCATION

Paragraph I. Local taxation for education. (a) The board of education of each school system shall annually certify to its fiscal authority or authorities a school tax not greater than 20 mills per dollar for the support and maintenance of education. Said fiscal authority or authorities shall annually levy said tax upon the assessed value of all taxable property within the territory served by said school system, provided that the levy made by an area board of education, which levy shall not be greater than 20 mills per dollar, shall be in such amount and within such limits as may be prescribed by local law applicable thereto.

(b) School tax funds shall be expended only for the support and maintenance of public schools, public vocational-technical schools, public education, and activities necessary or incidental thereto, including school lunch purposes.

(c) The 20 mill limitation provided for in subparagraph (a) of this Paragraph shall not apply to those school systems which are authorized on June 30, 1983, to levy a school tax in excess thereof.

(d) The method of certification and levy of the school tax provided for in subparagraph (a) of this Paragraph shall not apply to those systems that are authorized on June 30, 1983, to utilize a different method of certification and levy of such tax; but the General Assembly may by law require that such systems be brought into conformity with the method of certification and levy herein provided.

Paragraph II. Increasing or removing tax rate. The mill limitation in effect on June 30, 1983, for any school system may be increased or removed by action of the respective boards of education, but only after such action has been approved by a majority of the qualified voters voting thereon in the particular school system to be affected in the manner provided by law.

Paragraph III. School tax collection reimbursement. The General Assembly may by general law require local boards of education to reimburse the appropriate governing authority for the collection of school taxes, provided that any rate established may be reduced by local act.

Paragraph IV. Sales tax for educational purposes. (a) The board of education of each school district in a county in which no independent school district is located may by resolution and the board of education of each county school district and the board of education of each independent school district located within such county may by concurrent resolutions impose, levy, and collect a sales and use tax for educational purposes of such school districts conditioned upon approval by a majority of the qualified voters residing within the limits of the local taxing jurisdiction voting in a referendum thereon. This tax shall be at the rate of 1 percent and shall be imposed for a period of time not to exceed five years, but in all other respects, except as otherwise provided in this Paragraph, shall correspond to and be levied in the same manner as the tax provided for by Article 3 of Chapter 8 of Title 48 of the Official Code of Georgia Annotated, relating to the special county 1 percent sales and use tax, as now or hereafter amended. Proceedings for the reimposition of such tax shall be in the same manner as proceedings for the initial imposition of the tax, but the newly authorized tax shall not be imposed until the expiration of the tax then in effect.

(b) The purpose or purposes for which the proceeds of the tax are to be used and may be expended include:

(1) Capital outlay projects for educational purposes;

(2) The retirement of previously incurred general obligation debt with respect only to capital outlay projects of the school system; provided, however, that the tax authorized under this Paragraph shall only be expended for the purpose authorized under this subparagraph (b)(2) if all ad valorem property taxes levied or scheduled to be levied prior to the maturity of any such then outstanding general obligation debt to be retired by the proceeds of the tax imposed under this Paragraph shall be reduced by a total amount equal to the total amount of proceeds of the tax imposed under this Paragraph to be applied to retire such bonded indebtedness. In the event of failure to comply with the requirements of this subparagraph (b)(2), as certified by the Department of Revenue, no further funds shall be expended under this subparagraph (b)(2) by such county or independent board of education and all such funds shall be maintained in a separate, restricted account and held solely for the expenditure for future capital outlay projects for educational purposes; or

(3) A combination of the foregoing.

(c) The resolution calling for the imposition of the tax and the ballot question shall each describe:

(1) The specific capital outlay projects to be funded, or the specific debt to be retired, or both, if applicable;

(2) The maximum cost of such project or projects and, if applicable, the maximum amount of debt to be retired, which cost and amount of debt shall also be the maximum amount of net proceeds to be raised by the tax; and

(3) The maximum period of time, to be stated in calendar years or calendar quarters and not to exceed five years.

(d) Nothing in this Paragraph shall prohibit a county and those municipalities located in such county from imposing as additional taxes local sales and use taxes authorized by general law.

(e) The tax imposed pursuant to this Paragraph shall not be subject to and shall not count with respect to any general law limitation regarding the maximum amount of local sales and use taxes which may be levied in any jurisdiction in this state.

(f) The tax imposed pursuant to this Paragraph shall not be subject to any sales and use tax exemption with respect to the sale or use of food and beverages which is imposed by law.

(g) The net proceeds of the tax shall be distributed between the county school district and the independent school districts, or portion thereof, located in such county according to the ratio the student enrollment in each school district, or portion thereof, bears to the total student enrollment of all school districts in the county or upon such other formula for distribution as may be authorized by local law. For purposes of this subparagraph, student enrollment shall be based on the latest FTE count prior to the referendum on imposing the tax.

(h) Excess proceeds of the tax which remain following expenditure of proceeds for authorized projects or purposes for education shall be used solely for the purpose of reducing any indebtedness of the school system. In the event there is no indebtedness, such excess proceeds shall be used by such school system for the purpose of reducing its millage rate in an amount equivalent to the amount of such excess proceeds.

(i) The tax authorized by this Paragraph may be imposed, levied, and collected as provided in this Paragraph without further action by the General Assembly, but the General Assembly shall be authorized by general law to further define and implement its provisions including, but not limited to, the authority to specify the percentage of net proceeds to be allocated among the projects and purposes for which the tax was levied.

(j)(1) Notwithstanding any provision of any constitutional amendment continued in force and effect pursuant to Article XI, Section I, Paragraph IV(a) and except as otherwise provided in subparagraph (j)(2) of this Paragraph, any political subdivision whose ad valorem taxing powers are restricted pursuant to such a constitutional amendment may receive the proceeds of the tax authorized under this Paragraph or of any local sales and use tax authorized by general law, or any combination of such taxes, without any corresponding limitation of its ad valorem taxing powers which would otherwise be required under such constitutional amendment.

(2) The restriction on and limitation of ad valorem taxing powers described in subparagraph (j)(1) of this Paragraph shall remain applicable with respect to proceeds received from the levy of a local sales and use tax specifically authorized by a constitutional amendment in force and effect pursuant to Article XI, Section I, Paragraph IV(a), as opposed to a local sales and use tax authorized by this Paragraph or by general law.

(c) The General Assembly shall be authorized by general law to provide for an education trust fund to assist students and parents of students in financing postsecondary education and to provide for contracts between the fund and purchasers for the advance payment of tuition by each purchaser for a qualified beneficiary to attend a state institution of higher education. Such general law shall provide for such terms, conditions, and limitations as the General Assembly shall deem necessary for the implementation of this subparagraph. Notwithstanding any provision of this Constitution to the contrary, the General Assembly shall be authorized to provide for the guarantee of such contracts with state revenues.

Paragraph II. Guaranteed revenue debt. Guaranteed revenue debt may be incurred to provide funds to make loans to students and to parents of students for educational purposes, to purchase loans made to students and to parents of students for educational purposes, or to lend or make deposits of such funds with lenders which shall be secured by loans made to students and to parents of students for educational purposes. Any such debt shall be incurred in accordance with the procedures and requirements of Article VII, Section IV of this Constitution.

SECTION I.
COUNTIES

Paragraph I. *Counties a body corporate and politic.* Each county shall be a body corporate and politic with such governing authority and with such powers and limitations as are provided in this Constitution and as provided by law. (b) The metes and bounds of the several counties and the county sites shall remain as prescribed by law on June 30, 1983, unless changed under the operation of a general law.

(c) The General Assembly may provide by law for the consolidation of two or more counties into one or the division of a county and the merger of portions thereof into other counties under such terms and conditions as it may prescribe; but no such consolidation, division, or merger shall become effective unless approved by a majority of the qualified voters voting thereon in each of the counties proposed to be consolidated, divided, or merged.

Paragraph III. *County officers; election; term; compensation.* (a) The clerk of the superior court, judge of the probate court, sheriff, tax receiver, tax collector, and tax commissioner, where such office has replaced the tax receiver and tax collector, shall be elected by the qualified voters of their respective counties for terms of four years and shall have such qualifications, powers, and duties as provided by general law.

(b) County officers listed in subparagraph (a) of this Paragraph may be on a fee basis, salary basis, or fee basis supplemented by salary, in such manner as may be directed by law. Minimum compensation for said county officers may be established by the General Assembly by general law. Such minimum compensation may be supplemented by local law or, if such authority is delegated by local law, by action of the county governing authority.

(c) The General Assembly may consolidate the offices of tax receiver and tax collector into the office of tax commissioner.

Paragraph IV. *Civil service systems.* The General Assembly may by general law authorize the establishment by county governing authorities of civil service systems covering county employees or covering county employees and employees of the elected county officers.

SECTION II.
HOME RULE FOR COUNTIES AND MUNICIPALITIES

Paragraph I. Home rule for counties. (a) The governing authority of each county shall have legislative power to adopt clearly reasonable ordinances, resolutions, or regulations relating to its property, affairs, and local government for which no provision has been made by general law and which is not inconsistent with this Constitution or any local law applicable thereto. Any such local law shall remain in force and effect until amended or repealed as provided in subparagraph (b). This, however, shall not restrict the authority of the General Assembly by general law to further define this power or to broaden, limit, or otherwise regulate the exercise thereof. The General Assembly shall not pass any local law to repeal, modify, or supersede any action taken by a county governing authority under this section except as authorized under subparagraph (c) hereof.

(b) Except as provided in subparagraph (c), a county may, as an incident of its home rule power, amend or repeal the local acts applicable to its governing authority by following either of the procedures hereinafter set forth:

(1) Such local acts may be amended or repealed by a resolution or ordinance duly adopted at two regular consecutive meetings of the county governing authority not less than seven nor more than 60 days apart. A notice containing a synopsis of the proposed amendment or repeal shall be published in the official county organ once a week for three weeks within a period of 60 days immediately preceding its final adoption. Such notice shall state that a copy of the proposed amendment or repeal is on file in the office of the clerk of the superior court of the county for the purpose of examination and inspection by the public. The clerk of the superior court shall furnish anyone, upon written request, a copy of the proposed amendment or repeal. No amendment or repeal hereunder shall be valid to change or repeal an amendment adopted pursuant to a referendum as provided in (2) of this subparagraph or to change or repeal a local act of the General Assembly ratified in a referendum by the electors of such county unless at least 12 months have elapsed after such referendum. No amendment hereunder shall be valid if inconsistent with any provision of this Constitution or if provision has been made therefor by general law.

(2) Amendments to or repeals of such local acts or ordinances, resolutions, or regulations adopted pursuant to subparagraph (a) hereof may be initiated by a petition filed with the judge of the probate court of the county containing, in cases of counties with a population of 5,000 or less, the signatures of at least 25 percent of the electors registered to vote in the last general election; in cases of counties with a population of more than 5,000 but not more than 50,000, at least 20 percent of the electors registered to vote in the last general election; and, in cases of a county with a population of more than 50,000, at least 10 percent of the electors registered to vote in the last general election, which petition shall specifically set forth the exact language of the proposed amendment or repeal. The judge of the probate court shall determine the validity of such petition within 60 days of its being filed with the judge of the probate court. In the event the judge of the probate court determines that such petition is valid, it shall be his duty to issue the call for an election for the purpose of submitting such amendment

or repeal to the registered electors of the county for their approval or rejection. Such call shall be issued not less than ten nor more than 60 days after the date of the filing of the petition. He shall set the date of such election for a day not less than 60 nor more than 90 days after the date of such filing. The judge of the probate court shall cause a notice of the date of said election to be published in the official organ of the county once a week for three weeks immediately preceding such date. Said notice shall also contain a synopsis of the proposed amendment or repeal and shall state that a copy thereof is on file in the office of the judge of the probate court of the county for the purpose of examination and inspection by the public. The judge of the probate court shall furnish anyone, upon written request, a copy of the proposed amendment or repeal. If more than one-half of the votes cast on such question are for approval of the amendment or repeal, it shall become of full force and effect; otherwise, it shall be void and of no force and effect. The expense of such election shall be borne by the county, and it shall be the duty of the judge of the probate court to hold and conduct such election. Such election shall be held under the same laws and rules and regulations as govern special elections, except as otherwise provided herein. It shall be the duty of the judge of the probate court to canvass the returns and declare and certify the result of the election. It shall be his further duty to certify the result thereof to the Secretary of State in accordance with the provisions of subparagraph (g) of this Paragraph. A referendum on any such amendment or repeal shall not be held more often than once each year. No amendment hereunder shall be valid if inconsistent with any provision of this Constitution or if provision has been made therefor by general law.

In the event that the judge of the probate court determines that such petition was not valid, he shall cause to be published in explicit detail the reasons why such petition is not valid; provided, however, that, in any proceeding in which the validity of the petition is at issue, the tribunal considering such issue shall not be limited by the reasons assigned. Such publication shall be in the official organ of the county in the week immediately following the date on which such petition is declared to be not valid.

(c) The power granted to counties in subparagraphs (a) and (b) above shall not be construed to extend to the following matters or any other matters which the General Assembly by general law has preempted or may hereafter preempt, but such matters shall be the subject of general law or the subject of local acts of the General Assembly to the extent that the enactment of such local acts is otherwise permitted under this Constitution:

(1) Action affecting any elective county office, the salaries thereof, or the personnel thereof, except the personnel subject to the jurisdiction of the county governing authority.

(2) Action affecting the composition, form, procedure for election or appointment, compensation, and expenses and allowances in the nature of compensation of the county governing authority.

(3) Action defining any criminal offense or providing for criminal punishment.

(6) Action affecting the exercise of the power of eminent domain.

(7) Action affecting any court or the personnel thereof.

(8) Action affecting any public school system.

(d) The power granted in subparagraphs (a) and (b) of this Paragraph shall not include the power to take any action affecting the private or civil law governing private or civil relationships, except as is incident to the exercise of an independent governmental power.

(e) Nothing in subparagraphs (a), (b), (c), or (d) shall affect the provisions of subparagraph (f) of this Paragraph.

(f) The governing authority of each county is authorized to fix the salary, compensation, and expenses of those employed by such governing authority and to establish and maintain retirement or pension systems, insurance, workers' compensation, and hospitalization benefits for said employees.

(g) No amendment or revision of any local act made pursuant to subparagraph (b) of this section shall become effective until a copy of such amendment or revision, a copy of the required notice of publication, and an affidavit of a duly authorized representative of the newspaper in which such notice was published to the effect that said notice has been published as provided in said subparagraph has been filed with the Secretary of State. The Secretary of State shall provide for the publication and distribution of all such amendments and revisions at least annually.

Paragraph II. Home rule for municipalities. The General Assembly may provide by law for the self-government of municipalities and to that end is expressly given the authority to delegate its power so that matters pertaining to municipalities may be dealt with without the necessity of action by the General Assembly.

Paragraph III. Supplementary powers. (a) In addition to and supplementary of all powers possessed by or conferred upon any county, municipality, or any combination thereof, any county, municipality, or any combination thereof may exercise the following powers and provide the following services:

(1) Police and fire protection.

(2) Garbage and solid waste collection and disposal.

(3) Public health facilities and services, including hospitals, ambulance and emergency rescue services, and animal control.

(13) Air quality control.

(14) The power to maintain and modify heretofore existing retirement or pension systems, including such systems heretofore created by general laws of local application by population classification, and to continue in effect or modify other benefits heretofore provided as a part of or in addition to such retirement or pension systems and the power to create and maintain retirement or pension systems for any elected or appointed public officers and employees whose compensation is paid in whole or in part from county or municipal funds and for the beneficiaries of such officers and employees.

(b) Unless otherwise provided by law,

(1) No county may exercise any of the powers listed in subparagraph (a) of this Paragraph or provide any service listed therein inside the boundaries of any municipality or any other county except by contract with the municipality or county affected; and

(2) No municipality may exercise any of the powers listed in subparagraph (a) of this Paragraph or provide any service listed therein outside its own boundaries except by contract with the county or municipality affected.

(c) Nothing contained within this Paragraph shall operate to prohibit the General Assembly from enacting general laws relative to the subject matters listed in subparagraph (a) of this Paragraph or to prohibit the General Assembly by general law from regulating, restricting, or limiting the exercise of the powers listed therein; but it may not withdraw any such powers.

(d) Except as otherwise provided in subparagraph (b) of this Paragraph, the General Assembly shall act upon the subject matters listed in subparagraph (a) of this Paragraph only by general law.

Paragraph IV. Planning and zoning. The governing authority of each county and of each municipality may adopt plans and may exercise the power of zoning. This authorization shall not prohibit the General Assembly from enacting general laws establishing procedures for the exercise of such power.

Paragraph V. Eminent domain. The governing authority of each county and of each municipality may exercise the power of eminent domain for any public purpose.

Paragraph VI. Special districts. As hereinafter provided in this Paragraph, special districts may be created for the provision of local government services within such districts; and fees, assessments, and taxes may be levied and collected within such districts to pay, wholly or partially, the cost of providing such services therein and to construct and maintain facilities therefor. Such special districts may be created and fees, assessments, or taxes may be levied and collected therein by any one or more of the following methods:

(a) By general law which directly creates the districts.

(b) By general law which requires the creation of districts under conditions specified by such general law.

(c) By municipal or county ordinance or resolution, except that no such ordinance or resolution may supersede a law enacted by the General Assembly pursuant to subparagraphs (a) or (b) of this Paragraph.

Paragraph VII. Community redevelopment. (a) The General Assembly may authorize any county, municipality, or housing authority to undertake and carry out community redevelopment, which may include the sale or other disposition of property acquired by eminent domain to private enterprise for private uses.

(b) In addition to the authority granted by subparagraph (a) of this Paragraph, the General Assembly is authorized to grant to counties or municipalities for redevelopment purposes and in connection with redevelopment programs, as such purposes and programs are defined by general law, the power to issue tax allocation bonds, as defined by such law, and the power to incur other obligations, without either such bonds or obligations constituting debt within the meaning of Section V of this article, and the power to enter into contracts for any period not exceeding 30 years with private persons, firms, corporations, and business entities. Notwithstanding the grant of these powers pursuant to general law, no county or municipality may exercise these powers unless so authorized by local law and unless such powers are exercised in conformity with those terms and conditions for such exercise as established by that local law. The provisions of any such local law shall conform to those requirements established by general law regarding such powers. No such local law, or any amendment thereto, shall become effective unless approved in a referendum by a majority of the qualified voters voting thereon in the county or municipality directly affected by that local law.

(c) The General Assembly is authorized to provide by general law for the creation of enterprise zones by counties or municipalities, or both. Such law may provide for exemptions, credits, or reductions of any tax or taxes levied within such zones by the state, a county, a municipality, or any combination thereof. Such exemptions shall be available only to such persons, firms, or corporations which create job opportunities within the enterprise zone for unemployed, low, and moderate income persons in accordance with the standards set forth in such general law. Such general law shall further define enterprise zones so as to limit such tax exemptions, credits, or reductions to persons and geographic areas which are determined to be underdeveloped as evidenced by the unemployment rate and the average personal income in the area when compared to the remainder of the state. The General Assembly may by general law further define areas qualified for creation of enterprise zones and may provide for all matters relative to the creation, approval, and termination of such zones.

Paragraph VIII. Limitation on the taxing power and contributions of counties, municipalities, and political subdivisions. The General Assembly shall not authorize any county, municipality, or other political subdivision of this state, through taxation, contribution, or otherwise, to appropriate money for or to lend its credit to any person or to any nonpublic corporation or association except for purely charitable purposes.

Paragraph IX. Immunity of counties, municipalities, and school districts. The General Assembly may waive the immunity of counties, municipalities, and school districts by law.

SECTION III. INTERGOVERNMENTAL RELATIONS

By way of specific instance and not limitation, a mutual undertaking by a local government entity to borrow and an undertaking by the state or a state authority to lend funds from and to one another for water or sewerage facilities or systems or for regional or multijurisdictional solid waste recycling or solid waste facilities or systems pursuant to law shall be a provision for services and an activity within the meaning of this Paragraph.

(b) Subject to such limitations as may be provided by general law, any county, municipality, or political subdivision thereof may, in connection with any contracts authorized in this Paragraph, convey any existing facilities or equipment to the state or to any public agency, public corporation, or public authority.

(c) Any county, municipality, or any combination thereof, may contract with any public agency, public corporation, or public authority for the care, maintenance, and hospitalization of its indigent sick and may as a part of such contract agree to pay for the cost of acquisition, construction, modernization, or repairs of necessary land, buildings, and facilities by such public agency, public corporation, or public authority and provide for the payment of such services and the cost to such public agency, public corporation, or public authority of acquisition, construction, modernization, or repair of land, buildings, and facilities from revenues realized by such county, municipality, or any combination thereof from any taxes authorized by this Constitution or revenues derived from any other source.

Paragraph II. Local government reorganization. (a) The General Assembly may provide by law for any matters necessary or convenient to authorize the consolidation of the governmental and corporate powers and functions vested in municipalities with the governmental and corporate powers and functions vested in a county or counties in which such municipalities are located; provided, however, that no such consolidation shall become effective unless separately approved by a majority of the qualified voters of the county or each of the counties and of the municipality or each of the municipalities located within such county or counties containing at least 10 percent of the population of the county in which located voting thereon in such manner as may be prescribed in such law. Such law may provide procedures and requirements for the establishment of charter commissions to draft proposed charters for the consolidated government, and the General Assembly is expressly authorized to delegate its powers to such charter commissions for such purposes so that the governmental consolidation proposed by a charter commission may become effective without the necessity of further action by the General Assembly; or such law may require that the recommendation of any such charter commission be implemented by a subsequent local law.

(b) The General Assembly may provide by general law for alternatives other than governmental consolidation as authorized in subparagraph (a) above for the reorganization of county and municipal governments, including, but not limited to, procedures to establish a single governing body as the governing authority of a county and a municipality or municipalities located within such county or for the redistribution of powers between a county and a municipality or municipalities located within the county. Such law may require the form of governmental reorganization authorized by such law to be approved by the qualified voters directly affected thereby voting in such manner as may be required in such law.

(c) Nothing in this Paragraph shall be construed to limit the authority of the General Assembly to repeal municipal charters without a referendum.

SECTION IV. TAXATION POWER OF COUNTY AND MUNICIPAL GOVERNMENTS

Paragraph I. Power of taxation. (a) Except as otherwise provided in this Paragraph, the governing authority of any

county, municipality, or combination thereof may exercise the power of taxation as authorized by this Constitution or by general law.

(b) In the absence of a general law:

(1) County governing authorities may be authorized by local law to levy and collect business and occupational license taxes and license fees only in the unincorporated areas of the counties. The General Assembly may provide that the revenues raised by such tax or fee be spent for the provision of services only in the unincorporated areas of the county.

(2) Municipal governing authorities may be authorized by local law to levy and collect taxes and fees in the corporate limits of the municipalities.

(c) The General Assembly may provide by law for the taxation of insurance companies on the basis of gross direct premiums received from insurance policies within the unincorporated areas of counties. The tax authorized herein may be imposed by the state or by counties or by the state for county purposes as may be provided by law. The General Assembly may further provide by law for the reduction, only upon taxable property within the unincorporated areas of counties, of the ad valorem tax millage rate for county or county school district purposes or for the reduction of such ad valorem tax millage rate for both such purposes in connection with imposing or authorizing the imposition of the tax authorized herein or in connection with providing for the distribution of the proceeds derived from the tax authorized herein.

Paragraph II. Power of expenditure. The governing authority of any county, municipality, or combination thereof may expend public funds to perform any public service or public function as authorized by this Constitution or by law or to perform any other service or function as authorized by this Constitution or by general law.

Paragraph III. Purposes of taxation; allocation of taxes. No levy need state the particular purposes for which the same was made nor shall any taxes collected be allocated for any particular purpose, unless otherwise provided by this Constitution or by law.

Paragraph IV. Tax allocation; regional facilities. As used in this Paragraph, the term "regional facilities" means industrial parks, business parks, conference centers, convention centers, airports, athletic facilities, recreation facilities, jails or correctional facilities, or other similar or related economic development parks, centers, or facilities or any combination thereof. Notwithstanding any other provision of this Constitution, a county or municipality is authorized to enter into contracts with: (1) any county which is contiguous to such county or the county in which such municipality is located; (2) any municipality located in such a contiguous county or the same county; or (3) any combination thereof. Any such contract may be for the purpose of allocating the proceeds of ad valorem taxes assessed and collected on real property located in such county or municipality with such other counties or municipalities with which the assessing county or municipality has entered into agreements for the development of one or more regional facilities and the allocation of other revenues

generated from such regional facilities. Any such regional facility may be publicly or privately initiated. The allocation of such tax proceeds and other revenues shall be determined by contract between the affected local governments. Such contract shall provide for the manner of development, operation, and management of the regional facility and the sharing of expenses among the contracting local governments and shall specify the percentage of ad valorem taxes and other revenues to be allocated and the method of allocation to each contracting local government. Unless otherwise provided by law, such a regional facility will qualify for the greatest dollar amount of income tax credits which may be provided for by general law for any of the counties or municipalities which have entered into an agreement for the development of the regional facility, regardless of the county or municipality in which the business is physically located. The authority granted to counties and municipalities under this Paragraph shall be subject to any conditions, limitations, and restrictions which may be imposed by general law.

SECTION V. LIMITATION ON LOCAL DEBT

Paragraph I. Debt limitations of counties, municipalities, and other political subdivisions. (a) The debt incurred by any county, municipality, or other political subdivision of this state, including debt incurred on behalf of any special district, shall never exceed 10 percent of the assessed value of all taxable property within such county, municipality, or political subdivision; and no such county, municipality, or other political subdivision shall incur any new debt without the assent of a majority of the qualified voters of such county, municipality, or political subdivision voting in an election held for that purpose as provided by law.

(b) Notwithstanding subparagraph (a) of this Paragraph, all local school systems which are authorized by law on June 30, 1983, to incur debt in excess of 10 percent of the assessed value of all taxable property therein shall continue to be authorized to incur such debt.

Paragraph II. Special district debt. Any county, municipality, or political subdivision of this state may incur debt on behalf of any special district created pursuant to Paragraph VI of Section II of this article. Such debt may be incurred on behalf of such special district where the county, municipality, or other political subdivision shall have, at or before the time of incurring such debt, provided for the assessment and collection of an annual tax within the special district sufficient in amount to pay the principal of and interest on such debt within 30 years from the incurrence thereof; and no such county, municipality, or other political subdivision shall incur any debt on behalf of such special district without the assent of a majority of the qualified voters of such special district voting in an election held for that purpose as provided by law. No such county, municipality, or other political subdivision shall incur any debt on behalf of such special district in an amount which, when taken together with all other debt outstanding incurred by such county, municipality, or political subdivision and on behalf of any such special district, exceeds 10 percent of the assessed value of all taxable property within such

county, municipality, or political subdivision. The proceeds of the tax collected as provided herein shall be placed in a sinking fund to be held on behalf of such special district and used exclusively to pay off the principal of and interest on such debt thereafter maturing. Such moneys shall be held and kept separate and apart from all other revenues collected and may be invested and reinvested as provided by law.

Paragraph III. Refunding of outstanding indebtedness. The governing authority of any county, municipality, or other political subdivision of this state may provide for the refunding of outstanding bonded indebtedness without the necessity of a referendum being held therefor, provided that neither the term of the original debt is extended nor the interest rate of the original debt is increased. The principal amount of any debt issued in connection with such refunding may exceed the principal amount being refunded in order to reduce the total principal and interest payment requirements over the remaining term of the original issue. The proceeds of the refunding issue shall be used solely to retire the original debt. The original debt refunded shall not constitute debt within the meaning of Paragraph I of this section; but the refunding issue shall constitute a debt such as will count against the limitation on debt measured by 10 percent of assessed value of taxable property as expressed in Paragraph I of this section.

Paragraph IV. Exceptions to debt limitations. Notwithstanding the debt limitations provided in Paragraph I of this section and without the necessity for a referendum being held therefor, the governing authority of any county, municipality, or other political subdivision of this state may, subject to the conditions and limitations as may be provided by general law:

(1) Accept and use funds granted by and obtain loans from the federal government or any agency thereof pursuant to conditions imposed by federal law.

(2) Incur debt, by way of borrowing from any person, corporation, or association as well as from the state, to pay in whole or in part the cost of property valuation and equalization programs for ad valorem tax purposes.

Paragraph V. Temporary loans authorized. The governing authority of any county, municipality, or other political subdivision of this state may incur debt by obtaining temporary loans in each year to pay expenses. The aggregate amount of all such loans shall not exceed 75 percent of the total gross income from taxes collected in the last preceding year. Such loans shall be payable on or before December 31 of the calendar year in which such loan is made. No such loan may be obtained when there is a loan then unpaid obtained in any prior year. No such county, municipality, or other political subdivision of this state shall incur in any one calendar year an aggregate of such temporary loans or other contracts, notes, warrants, or obligations for current expenses in excess of the total anticipated revenue for such calendar year.

Paragraph VI. Levy of taxes to pay bonds; sinking fund required. Any county, municipality, or other political subdivision of this state shall at or before the time of incurring bonded indebtedness provide for the assessment and collection of an annual tax sufficient in amount to pay the principal and interest of said debt within 30 years from the

incurring of such bonded indebtedness. The proceeds of this tax, together with any other moneys collected for this purpose, shall be placed in a sinking fund to be used exclusively for paying the principal of and interest on such bonded debt. Such moneys shall be held and kept separate and apart from all other revenues collected and may be invested and reinvested as provided by law.

Paragraph VII. *Validity of prior bond issues.* Any and all bond issues validated and issued prior to June 30, 1983, shall continue to be valid.

SECTION VI. REVENUE BONDS

Paragraph I. *Revenue bonds; general limitations.* Any county, municipality, or other political subdivision of this state may issue revenue bonds as provided by general law. The obligation represented by revenue bonds shall be repayable only out of the revenue derived from the project and shall not be deemed to be a debt of the issuing political subdivision. No such issuing political subdivision shall exercise the power of taxation for the purpose of paying any part of the principal or interest of any such revenue bonds.

Paragraph II. *Revenue bonds; special limitations.* Where revenue bonds are issued by any county, municipality, or other political subdivision of this state in order to buy, construct, extend, operate, or maintain gas or electric generating or distribution systems and necessary appurtenances thereof and the gas or electric generating or distribution system extends beyond the limits of the county in which the municipality or other political subdivision is located, then its services rendered and property located outside said county shall be subject to taxation and regulation in the same manner as are privately owned and operated utilities.

Paragraph III. *Development authorities.* The development of trade, commerce, industry, and employment opportunities being a public purpose vital to the welfare of the people of this state, the General Assembly may create development authorities to promote and further such purposes or may authorize the creation of such an authority by any county or municipality or combination thereof under such uniform terms and conditions as it may deem necessary. The General Assembly may exempt from taxation development authority obligations, properties, activities, or income and may authorize the issuance of revenue bonds by such authorities which shall not constitute an indebtedness of the state within the meaning of Section V of this article.

Paragraph IV. *Validation.* The General Assembly shall provide for the validation of any revenue bonds authorized and shall provide that such validation shall thereafter be incontestable and conclusive.

Paragraph V. *Validity of prior revenue bond issues.* All revenue bonds issued and validated prior to June 30, 1983, shall continue to be valid.

SECTION VII.
COMMUNITY IMPROVEMENT DISTRICTS

Paragraph I. Creation. The General Assembly may by local law create one or more community improvement districts for any county or municipality or provide for the creation of one or more community improvement districts by any county or municipality.

Paragraph II. Purposes. The purpose of a community improvement district shall be the provision of any one or more of the following governmental services and facilities:

- (1) Street and road construction and maintenance, including curbs, sidewalks, street lights, and devices to control the flow of traffic on streets and roads.
- (2) Parks and recreational areas and facilities.
- (3) Storm water and sewage collection and disposal systems.
- (4) Development, storage, treatment, purification, and distribution of water.
- (5) Public transportation.
- (6) Terminal and dock facilities and parking facilities.
- (7) Such other services and facilities as may be provided for by general law.

Paragraph III. Administration. (a) Any law creating or providing for the creation of a community improvement district shall designate the governing authority of the municipality or county for which the community improvement district is created as the administrative body or otherwise shall provide for the establishment and membership of an administrative body for the community improvement district. Any such law creating or providing for the creation of an administrative body for the community improvement district other than the municipal or county governing authority shall provide for representation of the governing authority of each county and municipality within which the community improvement district is wholly or partially located on the administrative body of the community improvement district.

(b) Any law creating or providing for the creation of a community improvement district shall provide that the creation of the community improvement district shall be conditioned upon:

- (1) The adoption of a resolution consenting to the creation of the community improvement district by:
 - (A) The governing authority of the county if the community improvement district is located wholly within the unincorporated area of a county;
 - (B) The governing authority of the municipality if the community improvement district is located wholly within the incorporated area of a municipality; or

(C) The governing authorities of the county and the municipality if the community improvement district is located partially within the unincorporated area of a county and partially within the incorporated area of a municipality; and

(2) Written consent to the creation of the community improvement district by:

(A) A majority of the owners of real property within the community improvement district which will be subject to taxes, fees, and assessments levied by the administrative body of the community improvement district; and

(B) The owners of real property within the community improvement district which constitutes at least 75 percent by value of all real property within the community improvement district which will be subject to taxes, fees, and assessments levied by the administrative body of the community improvement district; and for this purpose value shall be determined by the most recent approved county ad valorem tax digest.

(c) The administrative body of each community improvement district may be authorized to levy taxes, fees, and assessments within the community improvement district only on real property used nonresidentially, specifically excluding all property used for residential, agricultural, or forestry purposes and specifically excluding tangible personal property and intangible property. Any tax, fee, or assessment so levied shall not exceed 2 1/2 percent of the assessed value of the real property or such lower limit as may be established by law. The law creating or providing for the creation of a community improvement district shall provide that taxes, fees, and assessments levied by the administrative body of the community improvement district shall be equitably apportioned among the properties subject to such taxes, fees, and assessments according to the need for governmental services and facilities created by the degree of density of development of each such property. The law creating or providing for the creation of a community improvement district shall provide that the proceeds of taxes, fees, and assessments levied by the administrative body of the community improvement district shall be used only for the purpose of providing governmental services and facilities which are specially required by the degree of density of development within the community improvement district and not for the purpose of providing those governmental services and facilities provided to the county or municipality as a whole. Any tax, fee, or assessment so levied shall be collected by the county or municipality for which the community improvement district is created in the same manner as taxes, fees, and assessments levied by such county or municipality. The proceeds of taxes, fees, and assessments so levied, less such fee to cover the costs of collection as may be specified by law, shall be transmitted by the collecting county or municipality to the administrative body of the community improvement district and shall be expended by the administrative body of the community improvement district only for the purposes authorized by this Section.

Paragraph IV. Debt. The administrative body of a community improvement district may incur debt, as authorized by law, without regard to the requirements of Section V of this Article, which debt shall be backed by the full faith, credit, and taxing

power of the community improvement district but shall not be an obligation of the State of Georgia or any other unit of government of the State of Georgia other than the community improvement district.

Paragraph V. Cooperation with local governments. The services and facilities provided pursuant to this Section shall be provided for in a cooperation agreement executed jointly by the administrative body and the governing authority of the county or municipality for which the community improvement district is created. The provisions of this section shall in no way limit the authority of any county or municipality to provide services or facilities within any community improvement district; and any county or municipality shall retain full and complete authority and control over any of its facilities located within a community improvement district. Said control shall include but not be limited to the modification of, access to, and degree and type of services provided through or by facilities of the municipality or county. Nothing contained in this Section shall be construed to limit or preempt the application of any governmental laws, ordinances, resolutions, or regulations to any community improvement district or the services or facilities provided therein.

Paragraph VI. Regulation by general law. The General Assembly by general law may regulate, restrict, and limit the creation of community improvement districts and the exercise of the powers of administrative bodies of community improvement districts.

ARTICLE X.
AMENDMENTS TO THE CONSTITUTION

SECTION I.
CONSTITUTION, HOW AMENDED

Paragraph I. *Proposals to amend the Constitution; new Constitution.* Amendments to this Constitution or a new Constitution may be proposed by the General Assembly or by a constitutional convention, as provided in this article. Only amendments which are of general and uniform applicability throughout the state shall be proposed, passed, or submitted to the people.

Paragraph II. *Proposals by the General Assembly; submission to the people.* A proposal by the General Assembly to amend this Constitution or to provide for a new Constitution shall originate as a resolution in either the Senate or the House of Representatives and, if approved by two-thirds of the members to which each house is entitled in a roll-call vote entered on their respective journals, shall be submitted to the electors of the entire state at the next general election which is held in the even-numbered years. A summary of such proposal shall be prepared by the Attorney General, the Legislative Counsel, and the Secretary of State and shall be published in the official organ of each county and, if deemed advisable by the "Constitutional Amendments Publication Board," in not more than 20 other newspapers in the state designated by such board which meet the qualifications for being selected as the official organ of a county. Said board shall be composed of the Governor, the Lieutenant Governor, and the Speaker of the House of Representatives. Such summary shall be published once each week for three consecutive weeks immediately preceding the day of the general election at which such proposal is to be submitted. The language to be used in submitting a proposed amendment or a new Constitution shall be in such words as the General Assembly may provide in the resolution or, in the absence thereof, in such language as the Governor may prescribe. A copy of the entire proposed amendment or of a new Constitution shall be filed in the office of the judge of the probate court of each county and shall be available for public inspection; and the summary of the proposal shall so indicate. The General Assembly is hereby authorized to provide by law for additional matters relative to the publication and distribution of proposed amendments and summaries not in conflict with the provisions of this Paragraph.

If such proposal is ratified by a majority of the electors qualified to vote for members of the General Assembly voting thereon in such general election, such proposal shall become a part of this Constitution or shall become a new Constitution, as the case may be. Any proposal so approved shall take effect as provided in Paragraph VI of this article. When more than one amendment is submitted at the same time, they shall be so submitted as to enable the electors to vote on each amendment separately, provided that one or more new articles or related changes in one or more articles may be submitted as a single amendment.

Paragraph III. *Repeal or amendment of proposal.* Any proposal by the General Assembly to amend this Constitution or for a new Constitution may be amended or repealed by the same General Assembly which adopted such proposal by the affirmative vote of

two-thirds of the members to which each house is entitled in a roll-call vote entered on their respective journals, if such action is taken at least two months prior to the date of the election at which such proposal is to be submitted to the people.

Paragraph IV. *Constitutional convention; how called.* No convention of the people shall be called by the General Assembly to amend this Constitution or to propose a new Constitution, unless by the concurrence of two-thirds of the members to which each house of the General Assembly is entitled. The representation in said convention shall be based on population as near as practicable. A proposal by the convention to amend this Constitution or for a new Constitution shall be advertised, submitted to, and ratified by the people in the same manner provided for advertisement, submission, and ratification of proposals to amend the Constitution by the General Assembly. The General Assembly is hereby authorized to provide the procedure by which a convention is to be called and under which such convention shall operate and for other matters relative to such constitutional convention.

Paragraph V. *Veto not permitted.* The Governor shall not have the right to veto any proposal by the General Assembly or by a convention to amend this Constitution or to provide a new Constitution.

Paragraph VI. *Effective date of amendments or of a new Constitution.* Unless the amendment or the new Constitution itself or the resolution proposing the amendment or the new Constitution shall provide otherwise, an amendment to this Constitution or a new Constitution shall become effective on the first day of January following its ratification.

ARTICLE XI.

SECTION I.
MISCELLANEOUS PROVISIONS

Paragraph II. Preservation of existing laws; judicial review. All laws in force and effect on June 30, 1983, not inconsistent with this Constitution shall remain in force and effect; but such laws may be amended or repealed and shall be subject to judicial decision as to their validity when passed and to any limitations imposed by their own terms.

All judgments, decrees, orders, and other proceedings of the several courts and administrative tribunals of this state, heretofore made within the limits of their several jurisdictions, are hereby ratified and affirmed, subject only to reversal or modification in the manner provided by law.

this Paragraph which were ratified at the same time this Constitution was ratified.

(b) Any amendment which is continued in force and effect after July 1, 1987, pursuant to the provisions of subparagraph (a) of this Paragraph shall be continued in force and effect as a part of this Constitution, except that such amendment may thereafter be repealed but may not be amended. The repeal of any such amendment shall be accomplished by local Act of the General Assembly, the effectiveness of which shall be conditioned on its approval by a majority of the qualified voters voting thereon in each of the particular political subdivisions affected by the amendment.

(c) All laws enacted pursuant to those amendments to the Constitution which are not continued in force and effect pursuant to subparagraph (a) of this Paragraph shall be repealed on July 1, 1987. All laws validly enacted on, before, or after July 1, 1987, and pursuant to the specific authorization of an amendment continued in force and effect pursuant to the provisions of subparagraph (a) of this Paragraph shall be legal, valid, and constitutional under this Constitution. Once the certificate is filed, the property described in the certificate, together with all public streets and public rights of way within the property, abutting the property, or connecting the property to property outside the industrial area will no longer be in the industrial area and may be annexed by an adjacent city. The filing of a certificate will be irrevocable and will bind the owners, their heirs, and their assigns. The term "owner" includes anyone with a legal or equitable ownership in property but does not include a beneficiary of any trust or a partner in any partnership owning an interest in the property or anyone owning an easement right in the property.

Paragraph V. *Special commission created.* Amendments to the Constitution of 1976 which were determined to be general and which were submitted to and ratified by the people of the entire state at the same time this Constitution was ratified shall be incorporated and made a part of this Constitution as provided in this Paragraph. There is hereby created a commission to be composed of the Governor, the President of the Senate, the Speaker of the House of Representatives, the Attorney General, and the Legislative Counsel, which is hereby authorized and directed to incorporate such amendments into this Constitution

at the places deemed most appropriate to the commission. The commission shall make only such changes in the language of this Constitution and of such amendments as are necessary to incorporate properly such amendments into this Constitution and shall complete its duties prior to July 1, 1983.
